SPOKANE VALLEY CITY COUNCIL
TUESDAY, MAY 12, 2026 | MEETING RECAP

This week's Spokane Valley City Council meeting began with an invocation, the pledge of allegiance and approval of the following meeting agenda.

PROCLAMATION

Mayor Padden presented a proclamation for National Police Week to Chief Dave Ellis of the Spokane Valley Police Department.

General Public Comments

Each week, community members have an opportunity to address Councilmembers for up to three minutes during the General Public Comment period, either at the beginning or end of each meeting, either in person or via Zoom.

ACTION ITEMS

#1 – Consent Agenda

The Council unanimously approved the consent agenda, which included vouchers for paying city expenses and payroll.

#2 – Public Hearing: 2026 Budget Amendment

An administrative report on this topic was presented to Council at the May 5, 2026, meeting. The 2026 Budget was adopted by the Council on Dec. 9, 2025. Since then, a number of events have occurred leading to the need for a budget amendment. Staff provided details of the changes to the nine funds affected. The result is a total revenue increase of $5,348,800 and total expenditure increase of $6,960,167. Of these increases, $1,950,000 reflects transfers between city funds. Staff reported that sufficient funds are available to pay for the amendments.

#3 – First Reading: Ordinance 26-007: 2026 Budget Amendment

Related to agenda item #2, a motion to advance Ordinance 26-007 amending the 2026 Budget to a second reading did not pass with the required super majority with 4 votes in favor and 3 votes against. Staff will bring additional information to the May 26, 2026, Council meeting for additional discussion and another first reading.

#4 – Motion Consideration: Resolution 26-006 to authorize Opportunity Zone Designation Application and Letter of Support

The Council received an administrative report on this topic at the April 28, 2026, meeting. Federal Opportunity Zone (OZ) legislation was enacted in 2017, which designates eligible census tracts for various tax incentives to boost economic development within the tract. Additional legislation passed in 2025 made OZ permanent, with set designation cycles every 10 years. There are five eligible census tracts within the city, but only one can receive a designation. Staff determined that census Tract 123 demonstrates the strongest need for investment and also contains properly zoned land available for development.

A motion to approve Resolution 26-006 authorizing the City Manager, or designee, to submit an Opportunity Zone designation application and Letter of Support to the Department of Commerce for Tract 123 passed unanimously.

NON-ACTION ITEMS

#5 – Parks and Recreation Master Plan 2026 Update

The Spokane Valley Parks and Recreation Master Plan is a long-range plan that identifies key initiatives and implementation strategies to guide Spokane Valley's Parks and Recreation projects and services for the upcoming six to 10 or more years.

City staff and contracted consultant staff reviewed:

- Goals of the plan
- How the plan aligns with other key city planning efforts
- Inventory of park facilities and assets and assessment methodology
- Summary of public outreach efforts
- Needs identified from public input received at eight outreach events and a website survey
- Plan themes and major recommendations

The draft plan is posted on the city website for public comment through May 26. The Council will be asked to adopt the updated plan at a future date.

#6 – Affordable and Supportive Housing (1406) Funds Discussion

State law permits local jurisdictions to impose local state-shared sales and use tax to fund affordable and supportive housing. In 2020, the Council authorized the City to begin collecting this tax, which is a rebate of the state sales tax to cities and counties. Approximately $200,000 per year is collected by the City and the fund balance is expected to be about $1.4 million by the end of 2026. By state law, these funds may only be used to support affordable housing within the city or for rental assistance as follows:

- Acquiring, rehabilitating or constructing affordable housing for those at or below 60% Area Media Income (AMI), which includes affordable home ownership assistance for households earning up to 80% AMI.
- Operations and maintenance costs of new units of affordable or supportive housing.
- Rental and move-in cost assistance for those at or below 60% AMI.
- Up to 10% of the annual tax collected may be used towards the funding and contracts administration costs.

The Spokane Valley Homeless Housing Task Force has discussed possible uses of the funds at multiple meetings. At their last meeting, the Task Force received presentations from four area providers with suggestions of how funds could be utilized. The Task Force unanimously recommended that the City should issue a Request for Proposals (RFP) to solicit applications for rental assistance, affordable housing projects, down payment assistance, land acquisition and operations and maintenance of affordable housing projects.

The Council reached consensus to issue an RFP to utilize a portion of the available Affordable and Supportive Sales Tax funds in fund #108.

WEEKLY Horoscopes

for May 14-20

ARIES – Mar 21/Apr 20
Aries, a professional door you thought was locked is actually just heavy. Push a little harder. Your honesty is exactly what a stalled project needs to move forward.

TAURUS – Apr 21/May 21
Financial clarity is coming your way, Taurus. You might discover a subscription you don't need or a better way to save for that big-ticket item. Your future self will thank you.

GEMINI – May 22/Jun 21
Your words have extra weight this week, Gemini. Use them to bridge a gap between friends or to draft that important email. A sibling or close neighbor has some surprising news for you.

CANCER – Jun 22/Jul 22
Don't ignore your dreams right now, Cancer. Your subconscious is trying to solve a puzzle while you sleep. Keep a notepad by the bed; a "Eureka!" moment arrives soon.

LEO – Jul 23/Aug 23
You're the glue holding your team together this week, Leo. While you're busy leading, don't forget to delegate. You'll find that people are more than willing to help if you seek assistance.

VIRGO – Aug 24/Sept 22
A change in your daily routine brings a massive boost to your mood, Virgo. Try a morning workout or a different lunch spot. Breaking the cycle opens the door for a fresh perspective.

LIBRA – Sept 23/Oct 23
Romance is leaning toward the intellectual this week, Libra. A deep conversation about your values or goals will bring you closer to a partner or a new interest.

SCORPIO – Oct 24/Nov 22
Scorpio, whether it's your home life or a long-term project, pay attention to the small details and you will prevent a headache later. A family member offers some sage advice.

SAGITTARIUS – Nov 23/Dec 21
Your curiosity is your best asset this week, Sagittarius. Take a deep dive into a topic that usually bores you — you'll find a hidden connection that benefits your career.

CAPRICORN – Dec 22/Jan 20
Patience is your mantra, Capricorn. You're waiting for an answer, and while the silence is frustrating, the result will be worth it. Use the downtime to refine your current strategy.

AQUARIUS – Jan 21/Feb 18
You are a magnet for eccentric people this week, Aquarius. Embrace the weirdness. A chance encounter with someone outside your usual circle sparks a very profitable idea.

PISCES – Feb 19/Mar 20
Quiet reflection is more productive than busy work right now, Pisces. Slip away for some solitude. You'll soon have the clarity you need to make a big decision about your living situation.

OPERATION DOG TAG

OperationDogTag.org

Operation Dog Tag (ODT) is a non-profit organization that provides training aid and guidance in the service dog community for veterans. These service dogs are a vital importance to a disabled veteran's rehabilitation back into today's society. With ODT bringing training to the service dog, veteran alike. The need for a building is vital to the success of this program. I know from my own personal disabilities that having a dog around can help with some of the invisible pains that a human can't sense. The dog can tell when you are anxious or upset and can provide a sense of comfort. Some veterans like me have horrible vivid dreams known as night terrors. With my own personal problems of sleep apnea, my dog will wake me up when I stop breathing while I sleep. So I believe that a good service dog that has been trained by ODT will help his/her veteran through the process of dealing with the stressors of TBI (Traumatic brain injury) and PTSD (Post traumatic stress disorder). Along with veterans who have lost arms or legs the service dog can help them with reaching or grabbing items, turning on light switches, opening doors, and protection. To provide a service to our veterans in this nature, is not a question of should but when can we start this process to get a good man and his program up and running… so thank you for your time.

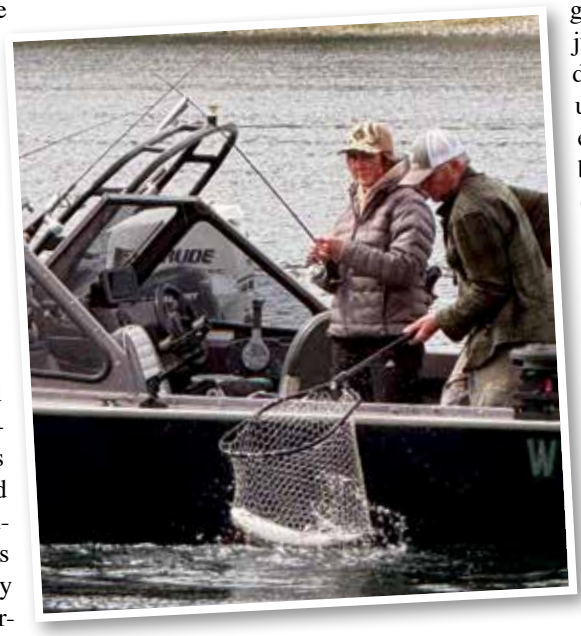
There are some fun derbies going on at Rufus Woods Reservoir, plus the Columbia River at Crescent Bar and you can still get in on the action. Anglers are having fun catching smallmouth bass on some of the big reservoirs in the region, while walleye fishing continues to be slow.

Dennis Beich invited Rollie Schmitten and me to make a trip to upper Rufus Woods Reservoir, to see if we could get some triploid rainbow trout. I packed my jigging rods and a bag full of jigs that we have used in the past on Rufus. There was a very large release of triploid rainbow trout into the reservoir earlier this spring and we were looking for fish that were larger than those included in this plant. We were using jigs, and no bait, so we could release smaller fish, and we did very poorly this time. There were lots of trucks and trailers in the parking lot at the middle net pens, and I think this was due to the excitement generated by the Rufus Roundup Fishing Derby, being sponsored by the Colville Tribe and conducted by Anglers Atlas. The derby, which runs through July 31st has bi-week challenges for anglers and offers the chance to win some of the $5,000 that will be awarded to the participants. There is no entry fee and to submit your catch you need to download the MyCatch app on your phone. You will find the current challenge and the instructions on how to log it for the derby. This week's photo is of a nice triploid being landed at the upper net pens on Rufus Woods.

The very popular Pike Minnow Derby conducted by the Quincy Valley Chamber of Commerce is coming up next week, and I wanted to give everyone a heads up so you can plan for it. For several years now the Quincy Chamber invites anglers to come down to the marina at Crescent Bar and head out to catch as many pike minnows as possible. This is a fun way to contribute to the effort to save as many salmon and steelhead smolts as possible to move downstream to the ocean. Pike minnows are deadly predators, and the derby catches hundreds of them every year. Thanks to Grand County PUD and many other local sponsors there is a very impressive number of prizes handed out, and I particularly like how they take care of the youngsters that participate in the derby. Everyone that registers for the derby also gets a free lunch at Tower Pizza. Don't miss this one. It's fun and helps our resource. Also, I am happy to announce that if you call the Holiday Inn Express in George you can get a ten percent discount on your stay when you attend the derby. Just be sure to mention the code: FISHINGMAGICIAN!



The Juvenile Fishing Ponds that are scattered across the state play a very important role in the future of fishing. These allow youth under the age of 15 to fish and offer these youngsters an excellent opportunity to catch a trout. For many of these kids they catch their first fish and begin a life-long pursuit of fishing as a part of their lives. I commend the families that take their kids to these ponds and the communities that often stage events around them. As some of you may know, the Juvenile Pond on Blackbird Island in Leavenworth was heavily damaged in the flooding and high winds that stuck here. There is an ambitious effort underway to restore the pond, which includes clearing debris, repair of the pumphouse and intake from the Wenatchee River. There has been some progress, thanks to local volunteers, and there remains much to be done. There is a GoFundMe page set up to help raise the funds needed to replace the pumps and other necessary work, and I encourage you to do what you can to move this project forward.

A few years ago, I got the chance to fish Lake Coeur d' Alene. My wife and I had visited the town several times, but I had never been out on the water. My brother in law had arranged for a house on the lake with a dock, so I pulled my boat over for our time there. After getting settled in, we had time to jump in the boat before it got too dark, and I got everything rigged up for kokanee fishing. I didn't even know where to start on the big lake, but when we pulled out of the bay we were staying in I saw a fleet of boats. I put out my tried and true Kokabow blades and spinners and we were into fish in no time. We had a blast landing big kokanee until it was time to head in for dinner. We went back the next year, and the kokanee were small, so we didn't spend much time fishing for them. I plan to get back to Coeur d'Alene and several other lakes in the area this summer. You should check out my Facebook page and follow me, as I start posting what I learn about Western Idaho fishing.

Rufus Woods Reservoir is always popular for the opportunity to catch the triploid rainbow trout. Thanks to the Colville Tribe, there are annual plants of these fish to keep the number of fish available to freshwater anglers eager to make the trip to this 50 mile long reservoir on the Columbia River. Triploids have an amazing growth rate and fish weighing to 20 pounds and even larger can be caught. As I mentioned earlier, there is something new this derby season that is giving anglers another incentive to give Rufus Woods a try. I did a video a couple of years ago that is a guide to fishing upper Rufus Woods, and I show folks the boat launches and fishing accesses to the upper reservoir. I also explain in detail the necessary permits and licenses required to fish on the Colville Reservation and at the locations I mention in the video. I even describe the technique that I use to catch triploids from the shore. To watch this video, just log onto the Dave Graybill YouTube channel and search for the Guide to Upper Rufus Woods Reservoir.

REAL ESTATE *Trends & Advice*

"From Spokane to the Canadian Border"

LANDLOCKED

We occasionally come across situations where someone owns a property that is landlocked. That means there is no legally recorded easement allowing the owner to access the property, even though there may be some type of road in place and a history of use. This can significantly reduce the value of a property. How does this happen? This scenario is most often created when the owner of a larger parcel sells off portions of the property without reserving an easement for the remaining parcel. The next question is, "If the current owner is not the one who unintentionally landlocked the property, then why didn't the buyer discover the issue when purchasing it?"

Real estate brokers and attorneys are often called in to help cure this significant type of title defect after a do-it-yourself seller has unintentionally created the situation and then passed the issue on to the next owner without a title search. Title insurance might seem inexpensive to that owner once this truth is discovered.

The good news is that, according to the Revised Code of Washington, a property cannot be landlocked (RCW 8.24.010). That is not to say the cure is quick and easy, but if the affected party has the gumption to take the matter to court, a judge will likely find that the owner is entitled to an easement and subsequently award an easement by necessity. However, the owner would likely have to pay fair value for the easement, including compensation for any loss of opportunity to the neighbor.

Since filing a court action against a neighbor usually creates ill will, a better approach may be to diplomatically convince the neighbor(s) of the need for access and be willing to pay the going rate to create a written easement. Threats of a future lawsuit may not be the best way to start that conversation.

Things that affect a neighbor's willingness to cooperate include the attitude of the person making the request and an understanding of what the access agreement will consist of. Will the affected property be subdivided in the future, creating more traffic, which could mean more dust and headaches for the neighbor?

The current owner could potentially sue the previous owner for conveying defective title, but that would only take more time and create additional expense, adding layers to the possible solution. Involving qualified real estate professionals will help prevent landlocked properties from being unintentionally created in the first place.

NW MOTORSPORTS Report
"Going fast is your job...Telling people about it is ours...!"

Republic's Eagle Track Raceway has gotten enough support from sponsors and volunteers to race in 2026. First race is this Saturday, May 16. File photo

EAGLE TRACK RACEWAY WILL RUN IN 2026

REPUBLIC — The race enthusiasts answered the call and it appears that Eagle Track Raceway in Republic is set to run in 2026?

"We are ok, we're going to do what we can with what we have," spokesperson Wendy Braun reports via email. Racing opens Saturday, May 16.

That support came from many places to keep the 3/8ths mile dirt track operating after there were recent fears it might not.

"We have a couple sponsors- OK Chevrolet in Tonasket and Not Dougs in Aeneas Valley," Braun said. The track, however, still needs lap counters and an announcer for half the season.

Right now, Eagle Track is at a turning point, Braun explained.

"Without more volunteers, sponsors and people willing to step up, we risk losing race days altogether," she wrote. "And once it's gone, it's gone."

No experiences is necessary. General help behind the scenes is lacking. "No experience? That's okay, we'll show you," Braun said.

"If you've ever sat in the stands, cheered on a driver, or brought your family out for a day at the races, now's the time to give back," Braun said.

Braun is passionate in her interest that Eagle Track, which has operated for decades, remains viable.

"This is your track, let's protect it," she said. "Even for a few hours, even one sponsor, it all matters more than you think."

"This isn't just a racetrack," Braun said. "It's where memories are made, families gather and our community comes together."
